

## NOTES FROM 1915....

Thank you for the survey responses I received; your feedback is important. It is a pleasure getting to know your teens and I appreciate their courage in sharing during our discussions. The fellowship, faith and fun are in full swing! If you're interested in helping weekly, please contact me. Many hands....

## RECAP: Did you know there are over forms of Christianity in the US?

At our last gathering, we talked about Catholicism vs other forms of Christianity. We also discussed being Catholic in light of the abuse scandal report, especially when asked why we remain Catholic. We capped off the evening with a hilarious game of Apples to Apples and talked about plans for the haunted house. Thank you to the RE Faith Foundations program for the leftover pizza! Here is the link to the video that informed our discussion:
